

Print etikety ve formátu A4

Print etikety jsou vhodné k malonákladovému potisku přímo ve Vaší kanceláři.

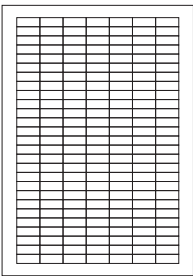

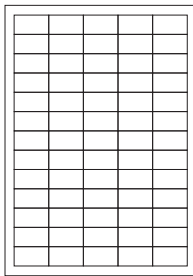

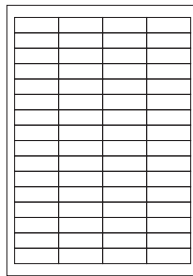

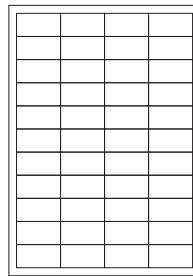

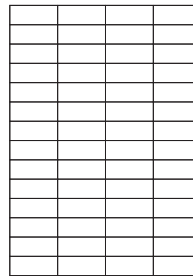

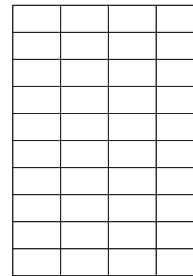

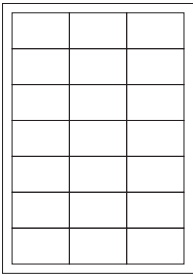

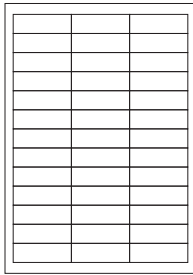

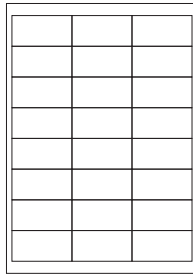

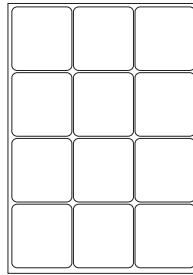

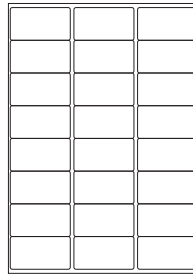

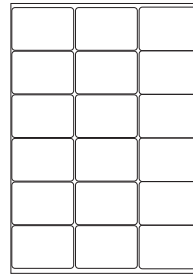

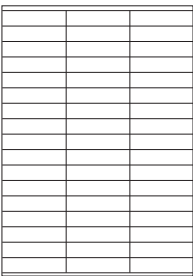

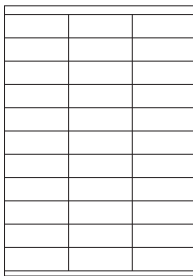

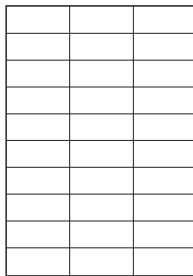

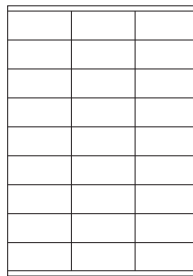

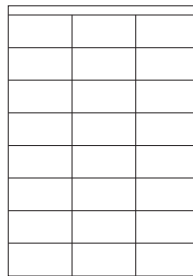

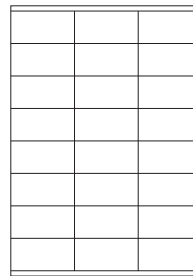

Použitý materiál je vysoce kvalitní a je vhodný k potisku v laserových i inkoustových tiskárnách a kopírkách, nebo k ručnímu popisování.

Každý list má po celém obvodu stažený okraj v šíři 0,5 mm, což zajišťuje bezproblémové podávání mechanismem tiskárny, resp. kopírky a současně zamezuje vytékání zbytků lepidla z okrajů, které by mohly způsobit uvíznutí listu etiket v tiskovém mechanismu a znečištění válců tiskárny zbytky lepidla.

Etikety jsou vyráběny v 34 rozměrech, které vyhovují všem běžným požadavkům zákazníků.

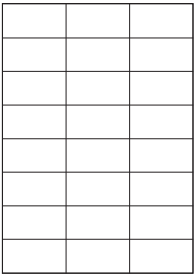

Etikety jsou baleny po 100, 200 nebo 500 listech, každé balení je označeno čárovým kódem. V nabídce jsou čtyři barvy etiket, a to žlutá, modrá, zelená a červená.
